1. A huge dam, apparently for an electric power station, is being built across the Vistula at Goczalkowice, about 20 to 50 kilometers from Bielsko in the direction of Czechowice (formerly Dziedzice).¹ The dam is planned to be the largest in Poland.
2. The town of Tychy (Q 51/Y 55), which has a population of 100,000, (sic), is to be turned into a miners' town. Large numbers of new apartments have already been occupied by workers from the mines in this area.

1. Comment: Czechowice is located at coordinates Q 50/X 88 and Dziedzice is at Q 50/X 89.
